To Whom it May Concern:

DPS Technology Group, Inc. has worked with Marie Taylor since March of 2009. During that time, Marie was successful in getting our building 100% leased. She was even able to fill one vacancy in less than two weeks after a suite became available!

Marie is very easy to work with and does a good job of marketing available spaces using a combination of various media tools and personal "knocking on doors" effort. She also was good at communicating what was going on and provided regular updates on her efforts and analysis of the every changing market environment.

We highly recommend Marie as a hardworking and valued listing agent for commercial properties.

Sincerely,
